Institute of Pharmaceutical Education and Research, Shirpur

[NBA Accredited – 6Yrs 9 3rd Cycle], NAAC Accredited, NiRF Ranking- Ranked in Top 50 institutes from last four cycles; CII- Platinum]

2.2.1 The institution assesses the learning levels of the students, after admission and organises special programs for advanced learners and slow learners.

The institute assesses the learning ability of newly admitted students based on their result of previous examination, CET, NEET etc. The assessment of the learning ability of the student at earliest in the course is of great importance for the students because fast learners will get more opportunities to explore the knowledge also to improve their skill. Whereas, slow learner will be given assignment, instructions and most importantly support to improve their performance. The slow learners are also evaluated for language pattern, social behaviour, difficulty in learning, poor memory etc. The students are assessed through question answer session in the regular theory class, the performance in the class test, *viva voce* in the practical, comparing the performance in the other subjects. The institute organizes orientation programmes, communication workshop, personality development programmes for improvement of the soft skill of the students. The fast learners are encouraged for online certificate courses from CASI University. The students participated in various conferences, seminar, and in Avishkar competition. The fast learners have performed well in GPAT and NIPER competitive examination.
